

*"I am amazed at this new program. It should revolutionize the way managers and practice owners schedule their team members. The program will actually design a schedule for your practice!"*

**Mark Opperman, CVPM**

We help you simplify  
**Team Scheduling**

*Still Available for use with Excel 2003:*

### VETERINARY STAFF SCHEDULING SPREADSHEET Version 3.0 for EXCEL 2003

This spreadsheet, created for use with **Microsoft Excel 2003**, simplifies the task of scheduling, evaluates the costs involved, and helps you visualize the effectiveness of planned schedules. \$150

Features include:

- Automatically calculates daily and weekly hours scheduled for each employee
- Shows hours over eight/day or 40/week in red
- Illustrates employee hours for each day of the week with bar charts
- Color-codes information by type of employee
- Alerts the user to insufficient staffing situations
- Calculates veterinarian and support staff costs
